From \$25.00

For a free quote

email your photo(s) for us to view. Our experts will review your photo(s) and will give you a quote by e-mail or phone. Once we have finished your photo we will e-mail you a low resolution copy for your approval. Once we have received your payment a high quality copy of your photo will be e-mailed or posted to you

How to scan a Photo:

Please scan your photo using 600 dpi resolution (minimum). If you request photo enlargement scan the original with even larger dpi resolution (600-1200 dpi). Scan the photo in colour even if your original is black & white. Save it in JPG or TIFF format, not optimized or progressive.

Restoring photos is a fine art that takes many years to master.
